## THE OLHAUSEN STORY

My brother Butch and I have a long family history in the billiard business that began more than 75 years ago when our grandfather became tired of growing corn in Hartley, Iowa. He sold the farm so that he could buy a pool room that was for sale. Our dad, Jerry Olhausen, learned a lot about pool tables before he left Hartley and he continued the family's involvement in the billiard industry when he started his own billiard sales and service business in Las Cruces, New Mexico in 1953. Both Butch and I worked for my dad while we were growing up in Las Cruces, but it wasn't until we both moved to California that our role in the Olhausen legacy would truly begin.

In the early 1970's, Butch and I arrived in San Diego, California with a shared passion for billiards that would become the foundation for the billiard manufacturing business that we built together. In 2006, that same passion brought the company to Portland, Tennessee, where my sons Colby and D.J. are now helping me run the largest pool table manufacturing facility in the world. This new state-of-the-art factory occupies over 250,000 square feet and even though our capacity to produce pool tables has greatly increased, our constant dedication to quality has not changed. Every Olhausen pool table is still built to order.

Manufacturing pool tables in California for more than 30 years put Olhausen Billiards at the forefront of environmental awareness and our move to Tennessee did not change that. We designed our new factory to be not only the largest producer of billiard tables in the industry, but also one of the most environmentally friendly facilities found anywhere in the world. In terms of sustainability, the relocation to Tennessee has put Olhausen Billiards much closer to both our lumber suppliers and our distributors. From our energy efficient factory to our continued use of the latest technology, Olhausen is building pool tables using methods that are best for our customers and best for the environment.

Since 1972, Olhausen has manufactured more than 500,000 pool tables using "American Made" craftsmanship in the design and construction of these tables. Our tables have become known in the industry as the "Best in Billiards" and we are very proud of that fact. We offer an endless variety of pool tables, from ornate pieces of furniture to professional tournament quality tables. No matter how they look on the outside, every Olhausen pool table has the same durable, award winning core on the inside...and that is why Olhausen Billiards can provide you with the highest quality pool table on the market and a true lifetime warranty from our family to yours.

*Jerry Olhausen*

# ANAHEIM

*Shown in: Matte Espresso Finish on Maple*

## OLHAUSEN'S LIFETIME WARRANTY

I founded this company with my brother.  
I build our pool tables. I stand behind them.  
Always have. No exceptions.  
Any questions, call me personally.

*Sonny Olhausen*

# OLHAUSEN®

## WHY WE'RE THE BEST IN BILLIARDS!

*(and why we're able to offer a lifetime warranty!)*

### ACCU-FAST®

- Accu-Fast® cushions are the best playing cushions in the business
- We invite you to take the Accu-Fast® Challenge: "JUST PLAY ON IT"

### PREMIUM SLATE

- The world's finest slate is diamond honed to create the perfect playing surface
- Each piece of slate is rechecked at our factory for flatness and proper bolt-hole locations.

### T-NUT RAIL CONSTRUCTION

- Won't bend and cross-thread
- Precise alignment
- Longer thread grip
- Easy installation and removal
- Eliminates hollow spots under cushions

### SLATE LINER

- Framing the slate ensures quieter play and reduces the stress on the slate
- Allows a tighter, faster, professional cloth installation
- We bolt through the slate liner to eliminate vibration that can cause the rail bolts to loosen

### PREMIUM WOOD

- Olhausen purchases the majority of its lumber from the Northeastern US where "slow-growth" trees have tighter grains
- Tighter grains mean minimal discoloring
- It's simple: Better wood makes for a better table

### FACTORY PRE-FIT FRAME CONSTRUCTION

- Built in our factory not in your home
- Pre-leveled and squared for faster, cleaner installation
- Allows for triple-check quality control before shipping
- KD-able for difficult installations

### UNILINER

- Large slate-support area
- Quick, more accurate installation
- Helps keep slate flat and level
- Minimizes wood movement
- Uniliner® tested, almost twice as strong as other frame construction methods

Drawer Option	Not Available
Ball Return	Available

## INTRODUCING A NEW “BANTAM SIZED” TAKE ON A POOL TABLE WITH ONLY TWO POCKETS

The Bantam pool table was designed to appeal to children that play hockey, soccer, and lacrosse. A format of one goal on each end of a playfield instantly places kids in familiar territory, as it is similar to games they already know and enjoy. Think yellow team vs red team. This is a much better activity choice for children than another video game...and more parents are actively seeking any activity that reduces their kid's “screen time”.

Imagine: a game that teaches children physics, geometry, strategy, and planning ahead. And while playing pool with others, they also develop and hone interpersonal skills. All of these lessons will help anyone to succeed in today's world!

## INTRODUCING THE BANTAM QUAD Finally, a small pro-quality pool table!

This second generation Bantam, the Quad, is designed to be compatible with today's urban lifestyle. Adults seem to prefer a more traditional pocket layout that they are familiar with. The clean contemporary lines and finishes create an attractive looking table in their townhouse or condo. Adding an optional dining/crafting/utility top allows multiple uses for that same space.

The Bantam Quad utilizes slate, cushions, pockets and balls that meet BCA specifications. This ensures great playability, but on a smaller playfield in a room where space is at a premium.
